

Samsung Galaxy A53 5G

Specification

In 5G, your world becomes a Galaxy. Hyperfast connection means seamless streaming and sharing with your friends and family. Powered with a 5nm Octa-core processor, your Galaxy is built to handle heavy-duty multitasking. RAM Plus reads your usage patterns and provides extra virtual RAM for an additional boost. With 128GB of internal storage plus support for a microSD card up to 1TB, you've got a whole lot of room for all your precious moments.

The Galaxy A53 5G is designed to stand out. With the Ambient Edge blending the camera with the body seamlessly, your Galaxy is entirely beautiful and fully functional with added battery capacity inside a slimmer, matte frame.

Feast your eyes on vibrant details with the FHD+ Super AMOLED display. With the expansive 6.5" Infinity-O Display, enjoy vivid outdoor visibility up to 800 nits while reducing blue light with the Eye Comfort Shield. Watch anything on your Galaxy's 120Hz Super AMOLED display to see how silky smooth is now a viewing experience with less blur, more details and vivid contrast.

The Galaxy A53 5G's multi-lens camera elevates images. Leverage 64MP OIS resolution, Ultra Wide Angle, Depth and Macro cameras to capture more details. Take your world with you. Video recordings with OIS are smoother and capture greater details even in low light. Your photos are automatically enhanced by Photo remaster's sophisticated AI.
